Re: Three Angels Corporation (TAC)  
WIGT(AM), Charlotte Amalie, VI  
Facility Identification Number: 87157  
Special Temporary Authority (STA)  
BESTA-20201102AAR

Dear Mr. Charles:

This is in reference to the request filed on November 2, 2020. TAC requests a further extension of the STA granted on September 7, 2018, to continue operating with reduced power to allow time to complete all remaining required repairs (caused by a hurricane in 2017).<sup>1</sup> In support of the request, TAC states that additional time is needed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and TAC may continue to operate with parameters at variance, including reduced power. TAC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. TAC must submit an e-mail to my attention to note the date the station resumed licensed operations per BL-20130322AIR with negligible changes, or the date an FCC Form 302 application was filed if changes to any of the operating parameters are needed.

---

<sup>1</sup> WIGT(AM) is licensed for ND operation on 1690 kHz with 0.92 kW, day and night.

This authority expires on **May 2, 2021.**

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large loop for the "J" and a long, sweeping line for the "S".

Joseph Szczesny, Engineer
